Despite having several books on bike maintenance, Allwood's remains the first one that I turn to. After all, I want to work on my bike, not read about working on it. Allwood helps me get on with the work, and that's what I like about her amisboutiquex.coms: Mountain bikes endure a great deal of punishment. Mountain Bike Maintenance explains how to keep a bike trouble-free on- or off-road. From fixing flat tires to replacing worn brakes, from headset to chainset, this book is crucial for every level of mountain-biker from beginners to veterans/5(7). Mel Allwood is the Director of Brixton Cycles and the mechanic for the Brixton Cycles mountain bike race team. He contributed to The Ultimate Mountain Bike Book, was Technical Editor of Maximum Mountain Bike magazine, wrote the maintenance and repair column for Cycling Today and writes the product review pages for London Cyclist magazine.

This is the best book I own and I own a few including DVD's. This is the book you want if you need a bike repair reference book. The only downside is the print is real small so make sure you have your reading glasses or young eyes. Mountain Bike Maintenance: The Illustrated Manual by Mel Allwood Complete step-by-step guide, from simple repairs to major overhauls. Mountain bikes endure a great deal of punishment.

A book tell about is Mountain Bike Maintenance: The Illustrated Manual. do not worry, we donâ€™t place any sense for download the book.
